**REASONS**  
TO DISCOVER  
**PEMBROKE**  
**HOUSE**  
PREP SCHOOL

*We believe*  
**1.** that education should go  
*beyond* academic results

**Our examination results are amongst the top of all prep schools. We go on to excel in building character and confidence, creating children that are not just clever, but capable.**

We see our job as preparing children for life. For 83 years we have provided a rounded education, encompassing academia, sports, and culture. We instil discipline and the Pembroke values of loyalty, the spirit of adventure, responsibility, concern for others, and a willingness to lead.

*“After Pembroke, my child stepped straight into her UK school. Now she is head girl and captain of her sports team”*

Mrs McDonald

## 2. *We believe* that *every* child counts

With 150 children at Pembroke, and class sizes averaging just 15 children, we can understand each child and tailor learning styles and environments to their individual needs.

At the heart of Pembroke is the one-to-one care given to each child. As well as class teachers, a Tutor system provides a further opportunity to monitor performance, a first-class learning support unit ensures no child is left behind, and every child plays their part on the sports-fields.

*“My child moved from a much bigger school where his results were nothing special. At Pembroke he came out of himself and far exceeded all expectations”*

Mr Mwangi

***We believe***  
**3. in the importance of *quality***  
**time at school and at home**

**Juggling parenting, careers, school-run traffic and homework can beat the best of us. Time together is not always quality time. Our 'responsive boarding' aims to change this.**

We provide boarding that is like a home away from home with a family feel to pastoral care. Most importantly we ensure easy access for parents and children on any weekend. We even provide a weekly bus service between Nairobi and Pembroke, and plan to expand this in the future.

*"I feel like I see more of my daughter now she is boarding than I did when we sat exhausted in the car twice a day, battling the Nairobi traffic"*

Mrs Davidson

*We believe*  
4. that children need *space* to be children

Young children are bursting with energy and like nothing more than to tear around with their friends. Our 140 acres, clubs and activities, provide outlets for their enthusiasm.

Whilst we have 34 computers, and comfy common rooms with TVs, children do not spend all their time glued to them. They get out and about with their friends, playing ball games, building dens, enjoying extra-curricular activities with their teachers and tutors or simply reading a book.

*“Whenever I see my son, he can’t stop talking about all the things he has been up to at school - I feel exhausted just listening!”*

Mr Shah

*We believe*  
**5.** that parents also deserve  
*support*

It's not always easy bringing up a child and we try to help where we can. Sometimes this is financial support for fees, other times it is sharing advice at parent-teacher meetings.

Pembroke House has been a 'Trust' school since 1959, meaning that we are 'not-for-profit'. We exist purely to educate, and we look to assist parents with bursaries, and scholarships where we can. We work hand-in-hand with families to identify what will work best for their children.

Mrs. Kiarri

*"We have felt supported every step of the way, from a 20% bursary and 10% academic scholarship, to frequent parent-teacher meetings to help plan our son's future"*

## *Preparation for Life*
